

Physique America

appoints

James Hartley

Chairman/Director of California

Physique America announces that effective immediately James Hartley, will assume the position of Chairman/Director of the State of California. James will manage and supervise all 3 districts in the state, appointing District Directors and Promoters.

“I started my career in the sport in 1986 at the Contra Costa Classic. I was lucky enough to learn and work under NPC Promoter and Vice President, Steve O’Brien, and the famous Gym owner/Promoter George Jackson. Under their tutelage I progress from expeditor to administrator in the Northern California district. My passion for the sport today is as strong as ever. I completely agree with the direction of Physique America and I am not only honored to be appointed Chairman/Director of the great State of California but also look forward to participating in the mega event in Las Vegas this coming August.”

Physique America is also honored to have to have James Hartley oversee one of the most important states in our Federation. To be part of Jim’s Team, contact him at

hartleyjames180@gmail.com.
